Enclosed are comments from individuals I have had the opportunity to work with over the years...

"I've worked with Angela in numerous roles. Most recently, she was the senior art/content producer at Upshot and I was the production consultant on several beer brands for the past two years. She always kept me in the loop and provided well-organized productions. They came in on budget and she managed everything from communicating to the costs and usage to the clients and providing creative solutions to her agency team. She knows how to solve problems and keeps calm even in stressful situations. She also backed me up when I was producing in Chicago. If you need a senior level art/content producer to dive into a project head first, Angela Harken is that person! She freelanced at FCB when 3 other art producers were out on vacation and juggled all of our desks with grace, competence and style. She's a great negotiator who knows how to present conversations whether you're speaking to your clients or senior level executives. She's creative, professional and very efficient. I would welcome the opportunity to work with her again!"

Karen Blatchford, former Sr. Producer, FCB Chicago and former APR Consultant

"Angela is one of the most passionate, eager, buttoned-up, thorough, disciplined, hard-working, helpful, team-playing, persistent, nice people I have had the pleasure of working with. Attributes like these aren't taught, they're born out of character. And why there are so few people like Angela."

John Vitro, former Employer, Vitro, San Diego, CA

"Angela is a consummate professional. She is a team player with a great temperament, always giving 110%. Her background in art and understanding of the production process makes difficult projects seem easy. Angela is a winner and anyone who has her on their team would be fortunate."

Milagros DeLaRosa, former Colleague, Senior Producer, Leo Burnett, Chicago, IL

"Angela is highly organized, attentive to detail, very creative, resourceful, and has a thorough understanding of the creative process. She is reliable, energetic and dedicated to her work."

Lisa Kunst, former Supervisor, Senior Producer, Leo Burnett, Chicago, IL

"Working with Angela on a number of very time sensitive, work intensive projects- she has proven to be one of the hardest working, committed people I have ever worked with. Angela is a 24/7 type person and this is reflected in the exceptional project results and client relationships. I would work with Angela anywhere, anytime."

Josh Vickers, Founder/Developer, Direction1 Media, San Francisco, CA

"Angela is a go getter. She jumps in, learns the ins and outs of the project, has excellent input creatively and completes the job in record time. She has amazing follow-up and she will gracefully keep you on track. She was there 150%, we were so lucky to have her as part of our team."

Denise Bader, former Client, Director of Marketing, John Laing Homes, Newport Beach, CA

"Angela produced several big photoshoots on behalf of my studio and I always had confidence that she would deliver a seamless, enjoyable experience to agency, client and crew. Her ability to communicate clearly and professionally and develop good working relationships with clients is of great value in my industry. I wish her well in her future endeavors and feel certain that she will find success in whatever challenges and opportunities come her way."
